Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

18th February, 1936.

Dear Sirs,

Motorships "DOMINE" and "FERNANDO POO".

E.

I duly received your letter of the 5th instant, with enclosures advised therein, respecting the Electrical Installations of the above vessels, and with regard thereto I have to inform you that the outstanding Makers' test certificates of the motors for essential services will be approved. Further, though the high voltage test specified in Appendix 2, Clause 6, is 2000 volts A.C. a test of 1500 volts A.C. might be accepted in this instance.

In future cases, however, the Rule Requirements should be adhered to.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
BILBAO.
