for Drawing Office

Lloyd's Register of Shipping,

~~71x Fenchurch Street, E.C.3x~~

BILBAO, 31st January, 1936.

Dear Sir,

With reference to your letter of the 27th instant respecting the Motorship "FERNANDO POO", we have to inform you that the maximum summer draught corresponding to the freeboard assigned as shewn on the Builders' displacement scales is 6.77 metres = 21'-10⁷/₈".

With regard to the Signal Letters required in the case of this vessel and those for the Motorship "DOMINE" we wrote to Madrid on the 23rd instant applying for these particulars and we shall communicate with you again in this matter as soon as we hear from the Authorities.

We may add in this connection, that we do not appear to have received at this Office the First Entry Certificates for these two vessels and we shall be glad to receive these at your convenience.

Yours &c.

The Secretary,

LONDON.
