11th September, 1934.

Dear Mr. Lee Annear,

My attention has been called to the fee entered on your Report of the Electric Fittings of the new Shaw Savill motorvessel "WAIWERA".

The total capacity of the Generators is entered by you as 1225 Kw. According to our reckoning this would give a fee of £62. 2. 6. You will see however that you have rendered an account for £63.12. 6, and if you agree with our calculation I think it would be advisable for an amended account for the correct amount to be rendered.

On hearing from you I will make the necessary alteration on the Report in which case you should make an amended entry on your next transcript of Rough Fee Book.

Kindest regards,

Yours faithfully,

R. Lee Annear, Esq.,  
BELFAST.
