# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

11th January, 1938.

Dear Sir,

S. With reference to my letter of the 7th instant respecting the motor tanker "BRITISH SECURITY", I may say that the Committee today have confirmed the vessel's class @100A1 "Carrying petroleum in bulk" with the following notations:- Lloyd's A & CP, @LMC 12,37, 2 DB 150 lb., Oil engine, CL.

It is concluded that the after end of the screw-shaft liner is made watertight in the propeller boss but I shall be glad if you will kindly enquire of the Surveyors and let me know whether this is so.

I am, Dear Sir,

Yours faithfully,

Clerk to the  
Classification Committee.

The Secretary,  
GLASGOW.
