

# Lloyd's Register of Shipping,

Ocean Chambers, Lowgate,

Hull, 3rd December, 1940.

Dear Mr. Ward,

I have spoken to Mr. Douglas, the surveyor who carried out the survey on the steam trawler "COMMANDER HORTON", and he confirms that the postponement of the lifting of the wood deck in way of Saloon front is desired until the subsequent 3rd Special Survey No.1.

I hope this will put the matter in order and am sorry the wording of our report was somewhat ambiguous.

With kind regards,

Yours sincerely,

R.J.L. Ward Esq., B.Sc.,

WOKINGHAM.
