6th December, 1937.

Dear Sir,

M.

I am in receipt of your letter of the 4th instant together with a plan shewing proposals to carry the centre girder, upper deck girder and the stringer plates continuous through the transverse oiltight bulkheads and to electrically weld the bulkhead plating to these members for Messrs. Blythwood Shipbuilding Co.'s No. 53.

Before this case can be dealt with I shall be glad if you will return the plans of midship section and profile and decks for this vessel which were enclosed with my letter of the 3rd instant.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,
