To the Surveyors at Newcastle.

A

Vessel's Name, Steamer "ROBERT".

QUESTION.

ANSWER.

I have to acquaint you that
my last record of "Examined
No. 5,40" was made against this
vessel's name in the Register Book,
and in the circumstances I shall be
glad if you will ascertain from the
Surveyors and let me know what
arrangements are proposed to be made
for a further General Examination to
take place.

I may add that no General
Examination was made on the machinery
in May last, and it was recommended
that the Society's Surveyors should
be afforded an opportunity to
examine the Boilers when they were
next opened up for cleaning or repairs.

Date:— 26th November, 1940.

We are informed by Messrs.
France Fenwick Tyne & Wear Co. Ltd.,
that they have had this matter
under discussion with the Ministry
of Shipping and hope to be able to
arrange to bring the vessel to the
North East Coast very shortly, and
to have the further General
Examination carried out while she
is in this district.
