December 18, 1941.

With reference to my memorandum of the 9th April last to which no reply has yet come to hand I shall be glad to learn what arrangements the Owners propose making for the Special Survey No.1 in the case of each of the above mentioned vessels, to be carried out.

I am advised by Mr. R. George Pulford, Lloyd's Agent at Tampico, that he has been in touch with the Owners who have informed him that they will arrange to carry out the classification surveys at the earliest convenient date. Mr. Pulford proposes to send the reports in due course.

I might add that Mr. Pulford advises that the initials "C.N.S.C." in connection with the names of these vessels is not in order and should be eliminated from the above and other vessels of the Petroleos Mexicanos similarly styled.
