m.s. "ATHELSULTAN".

The Owners telephoned on Saturday last asking when the first entry certificates would be ready, and a telegram was accordingly sent to Glasgow on the subject. At the same time the usual procedure regarding the issue of first entry certificates was explained to the Owners.

They have telephoned this morning that they wrote on Saturday to the Builders asking them to give their written consent to the first entry certificates being handed over to them, as the vessel is now actually on voyage.

They wish to have the certificates in their hands by Thursday morning.
