HULLS #165-66

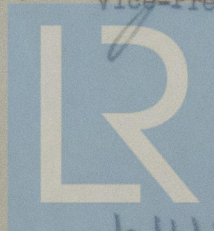

Dear Sirs:-

We have under order with the  
Bethlehem Steel Company, Maryland Shipbuild-  
ing Plant, two steamers known as Hulls  
#165- and 166. These steamers are to be  
in their essential features, duplicates  
of Hulls 160 and 161, plans of which you  
have approved. The purpose of this letter  
is to advise that we wish to have the bulk-  
head arrangement similar on all these steamers  
and would thank you to confirm this arrangement.

Very truly yours,

HWW/L/C

*Warley*
