27th July, 1942.

Messrs Smith, Mackenzie & Co. Ltd.  
TANGA.

Sirs,

"SIAM II"

I have the honour to report that on the  
13th July, 1942 I made an examination of:

1. Port Main Engine

No 6 & 7 Crosshead

Pins in sound condition  
Bearings in poor condition, new remetalled  
bearings being fitted.  
Guide and Guide Shoes in sound condition

2. Port Independent Air Compressor

Cylinder in sound condition  
Cylinder-head in sound condition  
Piston, new being fitted  
Piston-rod in sound condition  
Top and bottom End Bearings in sound condition  
Main Bearings in sound condition

I have to recommend that these examinations  
be noted in the Certificate of Register.

My fee for this Survey is 5 Guineas (£5.5.0)

Yours faithfully,

*A. Stewart*

Chief Engineer,  
Messrs Bird & Co. (Africa) Ltd.  
Messrs Dalgety & Co. Ltd. TANGA.
