71, Fenchurch Street, E.C.3.

ENCLOSURES

15th January, 1942.

Dear Sirs,

s.s. "ST. MARGARET".

I beg to acknowledge the receipt of your letter of the 8th instant submitting drawings as below, in triplicate, showing rearranged combustion chamber Superheaters for the above vessel, together with copy of Arrangement Drawing 9024/12 showing Superheater as originally supplied in 1936, and carefully note your remarks.

- 15053/11 - Arrangement of Superheater.
- 15053/30 - Details of Headers.
- 15053/40 - Details of Connecting Pipes.
- MB.14600 - Details of Elements.
- ML.630 - Details of C.S. Elbow.
- ML.1150A - Details of C.S. Elbow.

It is observed that at the Owners request it is proposed to modify the arrangement of the combustion chamber Superheater Elements and Headers and I have to inform you that the above plans will be approved for a working pressure of 230 lb. per square inch provided the steel castings be made at approved Works and tested as required by the Society's Rules, a safety valve be fitted to each part of the Superheaters which can be isolated from the boilers, the Superheaters be constructed under the usual conditions of survey and testing and the whole be tested to three times the working pressure.

One copy of each plan is returned herewith, together with the reference plan.

It is noted that copies of the sublet orders have been forwarded to the Surveyors concerned.

I am, Dear Sirs,  
Yours faithfully,

Secretary.

The Superheater Co. Ltd.,  
St. Margaret's Road,  
Bowdon,
