Sirs,

S. S. "Evangeles"

It is the intention to fit an oil burning installation
on this steamer on the Wallsend - Howden System.

The plant provided by Messrs James Howden & Co. has been
delivered and placed on board.

We are informed that the ballast tanks have been made suitable
for carriage of oil fuel whilst vessel was under construction at Hong
Kong.

Will you kindly let us know if this is correct.

Yours faithfully,

Fergusson & Law
