The Secretary,

LONDON.

Dear Sir,

M.V. "CAIRNDALE"

In reply to your classing letter of the 10th instant re boiler of above vessel. The boiler was built in accordance with the approved plan, i.e., margin stays only being fitted with nuts, other screw stays riveted over at outer ends. It is regretted that this was not made clear on the report.

We are, Dear Sir,

Yours faithfully,

The Surveyors.
