Dear Sir,

S.

I am favoured with your letter of the 3rd instant intimating that arrangements are being made for the R.F.A. "EBONOL" to be repaired at Singapore and that she will be submitted at this time to the inspection of the Society's representative at that port with a view to the reinstatement of her full class in the Register Book. Pending the receipt of the Surveyor's report the Committee have given instructions for the vessel's particulars to be reinstated in the Register Book with the record "Reclassification contemplated".

Yours faithfully,

Clerk to the
Classification Committee.
