13th June, 1944.

Reference

*(original cable with
filed repl- owners
advised)*

The Secretary,
LONDON.

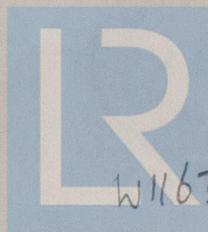

Dear Sir,

I have to confirm cablegrams exchanged, as per attached copy, in connection with the Steamer "CAPE CLEAR".

Mr. Pratt advises that the holds were partly filled with grain cargo at the time of his survey and that a complete General Examination could not be carried out, but all parts that could be seen were in good condition and having regard to the vessel's age and condition, a Load Line Certificate valid for twelve months could be issued in this case.

I am, Dear Sir,

Yours faithfully,

Wilmington, Delaware

Dear Sir,

I am writing to you in connection with the attached copy of the report of the Committee on the Administration of the Government of the District of Columbia. I have to confess that I am not sure that I have read the report carefully, but I am sure that it is a very important document. I am sure that you will find it very interesting and I am sure that you will find it very valuable. I am sure that you will find it very interesting and I am sure that you will find it very valuable.

Very truly yours,
