LONDON

Reference

Dear Sir,

We return herewith First Entry Certificate on the hull of the steam trawler "AVANTURINE" Hull First Entry Report No.40707. This document has been returned by the Builders who point out that the thickness of sheerstrake should be 10/20" and not 10/16" as shewn. It is observed that this information is wrongly given in the first entry report and we shall be obliged if you will kindly have both the report and certificate amended and return the latter to this office.

We are, Dear Sir,

Yours faithfully,

The Surveyors,

Per:-

The Secretary,

LONDON.E.C.3.
