# Lloyd's Register of Shipping.

Port YOKOHAMA.

23rd May, 1938.

This is to Certify that I have

examined the Boiler and Machinery of the Single Screw Steamer  
"ERIC" 5196 tons gross, of Glasgow,

that I have transmitted to the Committee of Lloyd's  
Register of Shipping, London, a Report stating that all  
recommendations made by me in connection therewith have  
been carried out to my satisfaction, and that I have  
recommended that the record of B.S. 3-38,

be made in the Register Book in the case of this vessel, subject  
to the regulating pump impeller casing being renewed at first  
opportunity and air pump casting being examined before the end  
of the year, 1938.

Remarks:- Starboard main boiler examined  
throughout with all mountings and  
safety valves to all main boilers  
adjusted under steam.

Engineer Surveyor to Lloyd's Register.

This certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:  
The Committees of the Society use their best endeavours to ensure that the functions of the Society are properly  
performed and it is understood that neither the Society nor any Member of any of its Committees is under any circumstances  
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any  
other publication of the Society, or for any error of judgment, default or negligence of any of its  
Members thereof, or the Surveyors, or other Officers or Agents of the Society."
