Lloyd's Register of Shipping,

LONDON.

Dear Sirs,

s/s "CORABELLA".

We understand from Dr. Pickworth that he has been in communication with you in regard to a defective stern frame sole piece on this vessel. We also understand that you have had a representative from your London Office in Sunderland to-day on the same business. We would inform you that we - as representing the Owners - have definitely instructed the Sunderland Forge that the defective casting <sup>or forging</sup> has to be returned to the vessel intact and for future examination by such parties as may be concerned. The Owners, naturally, rely upon your assistance and advice in the matter and we should appreciate information as soon as you are in a position to let us have any, also an acknowledgment of this letter.

Yours faithfully,
