

Empire Florizel

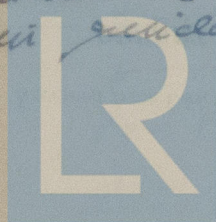

Grk. 22357

It is submitted that before this case receives consideration the Grk. Surveyor should be requested to confirm that the boiler No. 5176 made by John Thompson (Marine Boilers) Co. has actually been fitted in the vessel, and that it has been fitted with forced draught. The notation in that case should be 23B and 1 Aux. S.B. and the NHP 520.

If this is confirmed an adjustment should be made in the fees, an additional £7-12-9 including specification fee being required.

The reports should be returned to the Grk. Surveyor for their ^{perusal} ~~perusal~~.

See Ltr. 9/7/43.
