

Memo re S.S. " CITY OF STOCKHOLM " - built at Glasgow by Barclay Curle & Co Ld -- now No. 38454 in the Register Book Supplement.

On the 9th instant Mr. Redman's attention was drawn to a discrepancy, as regards the Ownership, between the vessel's Official Register and the Surveyor's First Entry Reports.

The writer called and saw the Ellerman Lines on the subject and was told that the matter must be referred to the Hall Line, Ld (the registered Owners) at Liverpool.

This was done and the Ellerman Lines telephoned through to say that the Hall Line Ld are to be recorded in the R.B. as the Owners without any reference to the Ellerman Lines Ld-in accordance with a telegram which had been received from Liverpool.

It was suggested that this instruction should be confirmed in writing and the attached letter has been received in reply.
