Dear Sir,

Furness Shipbuilding Co's Yard Nos. 345/6.

With reference to the Profile and Deck plan, for the above vessels, and to the web at the girder on bulkhead 146, the Builders now propose to fit two 12" x .5" x 3 $\frac{1}{2}$ " x 6 $\frac{1}{2}$ " x .6" channel stiffeners (port and starboard sides), in place of one web as now shown.

We shall be glad to have your consideration.

We are, Dear Sir,

Yours faithfully,

The Surveyors,
