

Messrs. The Furness S.B. Co's Nos. 345/6

-----  
Plan of stern frame submitted by the Middlesbrough Surveyors.

These stern frames are of the same design and scantlings as those approved for emergency vessels building or built by Messrs. Short Bros., Messrs. Doxford and Messrs. Readhead.

It is submitted the Surveyors be informed that the scantlings and arrangements as shewn and amended will be approved, provided they be carried out to their satisfaction. The plan embodies <sup>only</sup> those parts to be manufactured by Messrs. Dorman, Long & Co. A final plan should, therefore, be submitted by the Builders embodying also full details of the remaining parts of the structure.
