ENCLOSURES.

5th October, 1936.

Dear Sirs,

In compliance with the request contained in your Ltr. 16 of yesterday's date I enclose herewith the First Entry Electrical Installation Report on the motor vessel "ASHANTI".

With regard to this case, I think it well to point out that the vessel was recently assigned the notation of SLMC.5,36, subject to the remainder of the electrical spare gear being placed on board.

You will see from the attached correspondence that this has apparently now been done, so that it should be checked by you with a view to the issue of clean certificates of classification.

Kindly return the enclosed correspondence as soon as possible.

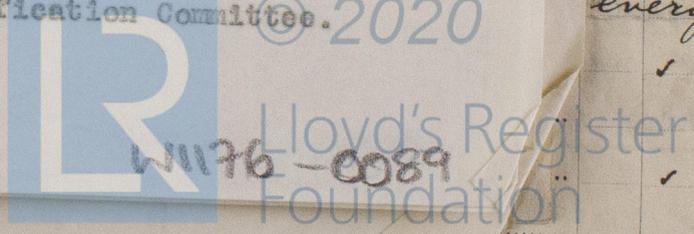

I may add that I am informing the Society's Surveyors at Hull of the action being taken.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
SWANSEA.
