17th December, 1936.

Dear Sir,

M.

With reference to my letter of the 8th instant and previous correspondence regarding the steering arrangements of the M.V. "ARTHURTOWN", I have to acquaint you that I am now in receipt of a letter from the Society's Surveyors at Rotterdam enclosing a plan giving full particulars of the hand gear and the spare tiller and the brake arrangement as now supplied.

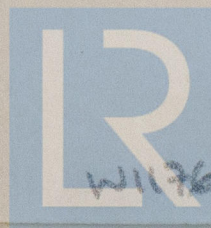

In the circumstances I have pleasure in stating that provided the spare tiller be fitted in accordance with the plan approved on the 8th instant, the band brake be fitted as proposed, and the whole arrangement be tested and found to the satisfaction of the Society's Surveyors, the steering arrangements in this vessel will be approved.

I am, Dear Sir,

Yours faithfully,

Secretary.

Robert Welch, Esq.,  
6, Lloyd's Avenue,  
E.C. 3.
