21st October, 1936.

Dear Sirs,

I have to acquaint you that a report has been received from the Society's Surveyors at Rotterdam from which it appears that engine No. 35960 made by Motorenwerke Mannheim, A.G., has been fitted in the motor ship "ARTHURTOWN", Messrs. Gebr. van der Werff's Yard No. 201. No particulars, however, of the air receivers have been entered in the report, and in the circumstances I shall be glad if you will forward to this Office a copy of the certificate you issued in respect of these air receivers.

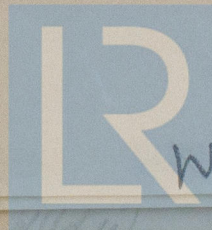

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

DUSSELDORF.
