23, Wielandstrasse,

Winterthur, 16th November, 1927.

Dear Sir,

I enclose herewith Winterthur 1st Entry Report H^o 75 covering the machinery manufactured by Messrs. Sulzer Bros. for Messrs. Palmers Motor Ship H^o 969 being built for Messrs. Tankers Ltd., London.

I shall be obliged if you will forward this Report to the Newcastle Office for their information and completion, and instruct the Surveyor dealing with this business to kindly modify the W.P. stamped on the L.P. riveted air receiver from 417 To 427 LBS. ^{sq}, as the former pressure has been stamped on in error.

I also beg to inform you that Messrs. Sulzer Bros. are not responsible for fees for fitting these engines on board.

A. Scott Esq.,
Secretary
London.

I am, Dear Sir,
Yours faithfully,
W.S. Vallis.
