Dear Sir.,

Costa Rican Motor Vessel "MAYGLEN"

Your name was given to me by Mr. J. Guthrie, your
colleague at Lisbon, (Portugal).

As I bought last year the wreck of the above vessel,
and since that I have salvaged a big amount of parts, I would like
if you could supply me with duplicates or copies of the following
documents:-

Certificates of the tests of the chains shackles etc.
All certificates in connection with other parts, such
motor etc.

Please advise me at your convenience the cost of same,
so that I can remit the amount to you.

Yours faithfully

António M. Parreira Cruz
