QUESTION.

ANSWER.

With reference to the Continuous Survey of this vessel's Oil Engines, I have to acquaint you that none of the port and starboard bottom ends and the crank shaft journals has yet been submitted to inspection, and in the circumstances I shall be glad to learn what arrangements the Owners propose for the inspection in question to be advanced, particularly as regards the items mentioned.

*LLP*

Date:— 30th April, 1941.

We have communicated with the Owners who inform us that they will give the Captain instructions to arrange for the Continuous Survey of this vessel's oil engines to be advanced at the first convenient opportunity.
