LIVERPOOL.

Dear Sir,

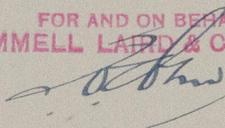

Nos.1053/4 Tankers.

With reference to the equipment of the above vessels, the standard specification issued by the Admiralty (Merchant Shipbuilding branch) calls for 3 bower anchors only, the stream anchor being deleted. A further reduction has since been made on the instructions of the Controller, Admiralty (Merchant Shipbuilding Branch) the spare bower anchor being deleted, so that the anchor equipment is now reduced to 2 Bower anchors only.

We shall be glad if you will confirm that this reduction meets with your approval.

Yours faithfully,

FOR AND ON BEHALF OF  
CAMMELL LAIRD & Co. LIMITED
