

# Lloyd's Register of Shipping.

Central Buildings, West Hartlepool.

5th July 1920.

Reference

Dear Sirs,

We beg to inform you that the 30 ton evaporator No. 3872 made by Messrs Richardsons, Westgarth & Co. Ltd., for their Sunderland contract No. 2132 has been despatched to your port.

The cast iron body and copper coils have been tested by hydraulic pressure to 50lbs and 400lbs respectively.

For purpose of identification the evaporator has been stamped as below:-

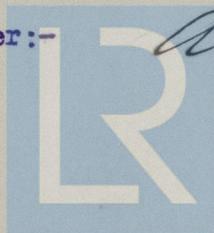

Lloyd's No. 1070
Tested to 50lbs.
29/6/20. A.B.

We are, Dear Sirs,

Yours faithfully,

The Surveyors,

per:-
