Ref. "R"

Dear Sir,

In reply to your favour of 28th instant on the question of deleting the record of the "MATRA" from your register book, although this vessel is ashore in a precarious position, we understand there is a possibility of salving her in the Spring.

In the circumstances we think you will probably agree it would be as well to leave this matter in abeyance for the time being.

Yours faithfully,

for & on behalf of  
THOS. & JNO. BROCKLEBANK LTD.
