Hull, 16th February, 1942.

Dear Sir,

"EMPIRE BIRCH".

In reply to your enclosing letter of the 13th instant, we beg to inform you that the Electrical installation fitted on board is as shown on the plan approved on the 26.6.41, viz:- 2 in No. 4 KW generators, having 60 amp D.P. fuses and 7/064 cables connecting the generator to the switchboard.

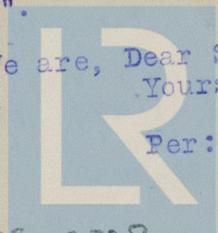

It is not understood what certificates are referred to. The test certificates in our possession refer to 4 KW generator and are being forwarded with our report on the sister vessel "EMPIRE LINDEN".

We are, Dear Sir,
Yours faithfully,
The Surveyors.
