Report No. 5758
S. S. "FORT CONCORD"
Hull No. 539

Dear Sir;-

Replying to London Classing letter dated 12th January, we note the instructions to insert in all future reports, particulars of the number, location and scantlings of tween deck, bulkheads and also state how openings therein, if any, are closed.

We regret that the particulars of the stream anchor was incorrectly reported. From the test Certificate the following particulars were extracted;-

Weight of Stream Anchor;	2737 lbs. (Stockless)
Proof Strain applied;	54432 "
Weight of head;	2005 "
Weight of Shank;	732 "
Certificate Number	14264

We trust this information will be found satisfactory and complete.

Yours very truly,

(Sgd) A. Hislop
