9th November 1920.

Dear Sirs,

I have to inform you that it appears from a First Entry Report received from the Society's Surveyors at Sunderland that the Steel Screw Steamer "CITY OF ADELAIDE" has proceeded to your port to have her machinery installed, and that to complete the survey the following work remains to be done, viz:-

Decks, tunnel, ash shoot and cargo doors to be tested.

Downton pump and watertight doors tried.

Casings closed up and riveted.

I shall be glad if you will kindly give the case the necessary attention, and forward a report on Form 8 on completion of your survey, with a view to the classification of the vessel.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

WEST HARTLEPOOL
