Reference

C.S.S.

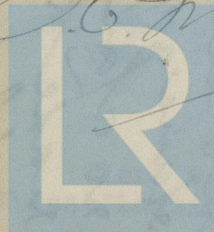

Dear Sir,

I am in receipt of your letter of the 23rd instant (Ref. S) enclosing a copy of one from the Norwegian Shipping & Trade Mission regarding the Motor Tanker "KOLLEBJORG" and, as requested, I enclose the plans of Midship Section and Profile and Decks (as built).

An examination of the above plans shows that, so far as the main structure is concerned, welding was employed for the attachments of the deep horizontal girders to the shell, deck and bulkheads, the ship otherwise being all riveted. No detail plans are available.

I am, Dear Sir,
Yours faithfully,

The Secretary,
WOKINGHAM.
