BRISTOL.

14678 "INVERSUIR". To remain as classed with fresh record of survey "3,41" subject as recommended. A record of "see LMC M 12,40" has been assigned.

I have to point out that the Rule fee in this case for a modified machinery survey is £7, and as £3 was charged when the inspection was commenced at your port in December last only the balance of £4 is now due. There is no note on your report of an account having been rendered but should this now have been done you should render an amended account to the Owners.
