22nd February, 1938.

Dear Sirs,

M. I duly received your letter of the 15th instant regarding your Ship No. 283, and enquiring whether the approval contained in my letter of the 11th instant, addressed to the Eagle Oil & Shipping Co., covers the stern frame as well as the stern tube, and whether you can proceed with the former in accordance with the plans already approved without any increase in the thickness of the boss plating.

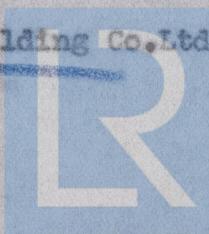

In reply I beg to inform you that, as arranged with your Mr. Goldsbrough over the telephone yesterday, if you will advise this Office of the exact dimensions of the stern frame boss as cast the matter will be further considered.

I am, Dear Sirs,

Yours faithfully,

Secretary.
