LONDON

Dear Sir,

Referring to the plans of Messrs. Furness Shipbuilding Co's Yard No.283 on which the section of Deck Stringer Angles were approved as 7 x 7 x .74 we are informed by the Builders that there is no prospect of the Steelmakers rolling this section and propose, as an alternative, 6 x 6 x .90 or 8 x 8 x .64 plain angles.

In the circumstances we shall be glad to know if the Builders' proposal meets with your approval.

We are, Dear Sir,

Yours faithfully,

The Surveyors,
