The Secretary,  
LONDON.

Dear Sir,

R. & W. Hawthorn, Leslie & Co. Ltd.  
Engine No. 3941 -(Donkey Boilers, Dwg. No. 10)  
for The Furness Shipbuilding Co's Yard No. 283.

Referring to your letter of the 14th instant, we now forward for consideration an amended plan, in triplicate, of Drawing No. 10, showing the Donkey Boiler.

It will be noted that all tubes immediately adjoining the wide water space have been altered to stay tubes to compensate for the removal of the stay tube nuts in the combustion space.

We are, Dear Sir,  
Yours faithfully,  
THE SURVEYORS,
