

Boiler
endorsement.

Makers:- Hawthorn Leslie

^{plan}
Boiler/No. 10

Shipbuilders:- Furness S. B. Co.

No. 283

It is submitted that the plan of boiler merits approval for a working pressure of 160 lb per sq. in. , provided the boiler be constructed under the usual conditions of survey and testing.

+ two additional stay tubes be fitted as now indicated on the plan and

It should be pointed out that Section 30, Clause 7 of the Rules for Engines & Boilers requires that nuts should not be fitted to stay tubes at the combustion chamber end.

Return ²plan.
