13th June, 1938.

Dear Sirs,

E. I duly received your letter of the 8th instant, forwarding plans, in duplicate, of the "Artic" gastight pump room fittings proposed for The Furness Shipbuilding Co's Yard Nos. 283 & 300.

These plans have been examined, but in order that they may be given full consideration I shall be glad if you will state the method of fixing and sealing the 7" diameter prismatic glass in the cast iron housing. The nature of the sealing compound should also be indicated.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

SUNDERLAND.
