Liverpool, 29th August, 1930

Enclosure.

Dear Sir,

I herewith forward for the favourable consideration of the Committee a plan showing connection of frames to lower deck in way of the palm oil tank which is being fitted in the S/S "NEW COLUMBIA".

It was found that the stringer plates stop at the heel of the reverse frames, and this arrangement is being fitted in lieu of that shown on the approved plan, and I shall be glad to learn that it may be approved.

The approved plan is enclosed for reference, kindly return same to this office.

I am, Dear Sir,

Yours faithfully,

Geo. L. Ryfe

The Secretary,

LIVERPOOL.
