71, Fenchurch Street, E.C. 3.

27th July, 1931.

Dear Sirs,

I have to acquaint you that the Society's Surveyors at this port reported last month that the steamer "ANKAGHER" had sustained damage to the stem and stem plating through collision. Temporary repairs were effected and the Surveyors recommended that permanent repairs should be carried out before the end of this month.

In the circumstances I shall be glad if you will ascertain and let me know, for the information of the Committee, what arrangements the Owners propose making in this matter.

You will observe that the Boiler Survey will become due at the end of this month.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

HELFAST.

pro Secretary.
