Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

15th May, 1930.

Dear Sirs,

I am in receipt of your letter of the 14th instant advising your reports on the steamer "ATHENDALE", which duly came to hand this morning, and I have to say that the results of the drilling of the shell plating are considered satisfactory and in view of the work which has now been carried out the Committee have agreed to the Owners' request to defer completion of the Second Special Survey No.1 for six months when the vessel's present charter will expire.

I telegraphed to you today requesting you to inform the Owners to this effect, and the same is hereby confirmed, viz:-

"ATHENDALE INFORM OWNERS THEIR REQUEST DEFER COMPLETION
"SECOND SPECIAL SURVEY NUMBER ONE FOR SIX MONTHS APPROVED".

I am, Dear Sirs,

Yours faithfully,

pro Secretary.

The Surveyors,

NEWCASTLE-ON-TYNE.
