Dear Browne,

I am much obliged for your letter of yesterday's date re the ss. "EGGESFORD", and I have the pleasure to return herewith the machinery certificate you forwarded, and on which you will see the necessary corrections have been made. I may add that the report etc., in the office have been amended accordingly.

With kind regards,

Yours faithfully,

C. J. White

Mr. Butler had made a mistake in giving 34 on the report instead of 35. As this correction does not affect the Horse Power or any other particulars on the report, you might be good enough to have the report and certificate counterfoil altered.

With kind regards,

Yours faithfully,

J. E. Browne, Esq.,

SUNDERLAND.

C. J. White, Esq.,

London.
