S.S.No.2-27 TS.6,30 (CL)

- - - - -

The First Special Survey No.3, due on this vessel in May, 1931, has been completed on the machinery but only partly held on the hull by the examination of the bottom, steering gear, weather decks, hatches, ventilators and coamings.

In reply to enquiry last month regarding the completion of the survey the Hamburg Surveyors wrote that, on taking up the matter with the Owners' Superintendent, they were informed that the Directors of the Company had decided to allow the class to lapse. A letter from the Owners has been forwarded substantiating this statement.

The Classing Committee had the case before them on Tuesday, 12th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

14th July, 1932.
