The 3rd Special Survey No.1, due 4,30, was par-
held in July, 1929, by the survey of the Machinery, and the
Boilers became due for survey 7,30. The Owners stated in
August last that the vessel was laid up and undertook to have
the outstanding matters of survey dealt with before proceeding
to sea. In the circumstances the Classing Committee on the
19th ultimo deferred action.

The Kobe Surveyors now forward a letter from the
Owners in which they state they have given up the idea of
completing the Special Survey and of continuing the Class of
this steamer.

The Classing Committee had the case before them
on Friday, 3rd instant, when, in the circumstances, they gave
instructions for the vessel's character to be withdrawn from
the Register Book and three dots (...) inserted in lieu
thereof, indicating withdrawal of class at Owners' request.
