

17. Mincing Lane

Upon instructions being given for a vessel's class to be expunged from the Register Book with a Red Line, it is the practice at once to delete the vessel's character in the Register Book, together with the Machinery and Boiler Survey notations and the Freeboard particulars. The boiler pressures and notation of Screw Shaft Survey are omitted on the next reprint of the book.

The ~~*~~ however, is left standing, also the Special Survey records in column 3, and red notations of ~~WNB~~ (with date)
