Dear Sirs:

TWELVE-KNOT FREIGHT SHIP

In the matter of a freight steamship that this Company has contracted for with the Seattle Construction & Dry Dock Company of Seattle, Washington, under your classification and special survey, I desire to make known to you now that we wish to have the intermediate bulkhead both in hold and between decks omitted between No. 1 and No. 2 holds, with notation in the register book accordingly.

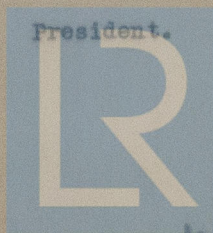

I shall be very thankful to you if you will let me have at your earliest convenience your written approval of the omission of the intermediate bulkhead as hereinbefore stated for the vessel in question.

Awaiting your reply,

Yours truly,

President.
